

ORDINANCE NO. 31-01

**AN ORDINANCE AMENDING ORDINANCE 27-00,
ANNEX A, RESIDENTIAL SEWER RATES, PARAGRAPH
TWO-COMPUTAION OF MONTHLY BILLS SUB
PARAGRAPH WINTER AVERAGE CHARGE; AND
PRESCRIBING AN EFFECTIVE DATE**

WHEREAS the Town of Anderson has adopted ordinance No. 27-00 which established the methods and procedures for computing the annual rate to be charged customers for sewer services in each ensuing year and;

WHEREAS the Board of Aldermen desires to allow customers who have experienced water line breakage that resulted in losses of water and which has therefore not flowed into the town operated collection/treatment plant and;

WHEREAS the Board of Aldermen recognizes that when such breakages or leaks occur during the months of December, January, or February, the period of time during which water consumption is the basis for calculating the charges during the following twelve (12) month period, and;

WHEREAS sewer system users who experienced these losses would be charged disproportionately for the ensuing twelve (12) months;

THEREFORE be it ordained as follows:

Any and all users of the sewage system who have experienced water losses as described above and when these water losses result in 20% or more, increase above same month consumption in the previous year, may have the option of replacing that months usage with last year's average in computing the sewer charges for ensuing year.

Ordinance shall become effective upon adoption by the Board of Aldermen.

Mayor – Town of Anderson
